**650 Island Way Condominium Association  
Rules and Regulations  
As of November 2022**

**INTRODUCTION:**

The Board of Directors of the 650 Island Way Condominium Association, Inc. established these Rules and Regulations to ensure the security, privacy and comfort of the entire 650 Island Way community. The Rules and Regulations also ensure that the Association upholds the laws and regulations of the State of Florida, the City of Clearwater and Pinellas County. It is the responsibility of Residents to ensure that their guests and/or employees comply with Association's Rules and Regulations. For clarification of any item or for further information, please consult the Condominium Documents, including the Association's Declaration and By-laws which may be found on the 650 Island Way website, or contact the Association's Property Management Office.

**AMENDMENTS AND UPDATES TO THE RULES AND REGULATIONS:**

The Rules and Regulations, will be reviewed and, as needed, updated by the Association's Board or a Board-appointed Committee. The Association's By-laws supplant the Rules; any changes in the By-laws will be reflected in the Rules and Regulations. These amendments will be mailed to the Owners (with a courtesy copy sent to Renters) and posted on the 650 Island Way website ([www.650islandway.org](http://www.650islandway.org)).

**COMPLIANCE WITH THE RULES AND REGULATIONS:**

Non-compliance with any of these Rules, which govern the Association, may subject a Resident to a fine. The decision as to whether a fine is to be imposed or the amount of the fine shall be determined by the Board of Directors and a Grievance Committee appointed by the Board as described in Appendix 1 of the Rules and Regulations.

Rules and Regulations  
As of November 2022**

**10. Control of Second-Hand Smoke:**

- The Condominium Association is committed to providing a safe and healthy environment for all residents. We have allocated two outdoor areas, those being at the Tiki Bar, and on the wooden deck adjacent to it, where smoking is permitted.
- We ask that residents and guests limit their use of smoking materials in all other common areas (such as elevators, walkways, atrium, stairwells, pool deck, and outside bathrooms) so others are not affected.

**11. Smoking on Balconies and Patios:**

- Balconies and Patios are “Limited Common Areas” for the exclusive use of the occupants of the unit to which they are attached.
- The Association requests that anyone smoking on their balcony or patio take appropriate measures to dissipate the smoke so that it does not drift into the airspace of neighboring units. One excellent way of doing this is through the use of a small electric fan on the patio/ balcony whenever you are smoking. The Association will provide a fan for this purpose to any resident who requests one, free of charge. Again, we are committed to providing a healthy environment for all residents, free of second-hand smoke.

**12. Trash:**

- All garbage and trash must be placed in plastic garbage bags, tied or otherwise secured, and placed in the dumpster by means of the trash chute located on each floor across from the elevators.

- Any appliances, countertops or other construction material must be hauled away or placed at the curb for collection per 12d below.

**14. Dog Walk Area:**

- We have established one area of the property on which dog owners may bring their animals to urinate and/or defecate. That is the lawn area on the northeast corner of our property, bordered by the condo next door and Island Way. A bench has been provided for the convenience and comfort of residents and guests while in the dog walk area. A dog waste station has also been installed for the convenience of our residents who may find themselves without a waste bag – so there is no excuse for not cleaning up after your dog!
- No other area of the property/common elements may be used for this purpose. As such, do not allow your dog to relieve itself in the parking lot, on sidewalks, walkways or in elevators. Do not walk your dog across any other sections of lawn to get to the assigned area. Between the sidewalk and the street is suitable and convenient for this also, and anywhere else that's not on our property. Of course, you must pick up after your dog every time.

- U-factor is a measure of thermal transmittance, the lower the number meaning the better the glass resists temperature loss or gain.
- All replacement windows must be identical in style to the building's original windows. All exterior window frames must be the same brown color as the building's standard. It is noted, however, that new, replacement windows must be the double-pane, argon-gas filled type, as approved by Florida Building Code. Argon-gas filled windows have a light green hue when viewed in direct sunlight, but the hue is not noticeable when in shade. That is why no other type
